The screenshot shows the homepage of the Tsukuba Global Science Week 2020 website. At the top left is the TGSW logo. The navigation menu includes 'Archives', 'Home', 'Session list', 'Registration', 'Opening Plenary', and 'Digital poster Session'. A red arrow points to the 'Registration' link, which is also highlighted with a red box. The main content area features a collage of photos from previous events, the TGSW 2020 logo, and the dates '2020 SEPTEMBER 28 (Mon.) - 30 (Wed.)'. The University of Tsukuba logo is also present. At the bottom, a white box contains the following text:

- TGSW2020 is coming up!
- To prevent the spread of COVID-19, sessions will be held throughout the University of Tsukuba campus.

### Researcher Matching Project; Will you meet your potential collaborator?

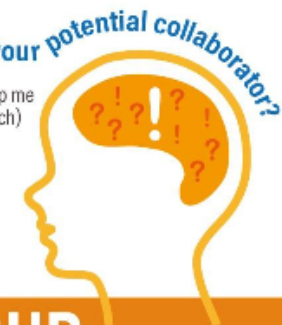

In need for collaborators to advance my current (research) topics and test new ideas.

Anyone interested in using my products?

In search for instruments/techniques necessary for my (ongoing) project.

Looking for solutions to help me resolve my ongoing (research) issues.

Interested in submitting collaborative grant with potential collaborators.

**WILL YOU MEET YOUR**  
Researcher Matching Project for TGSW 2020  
**POTENTIAL COLLABORATOR!**

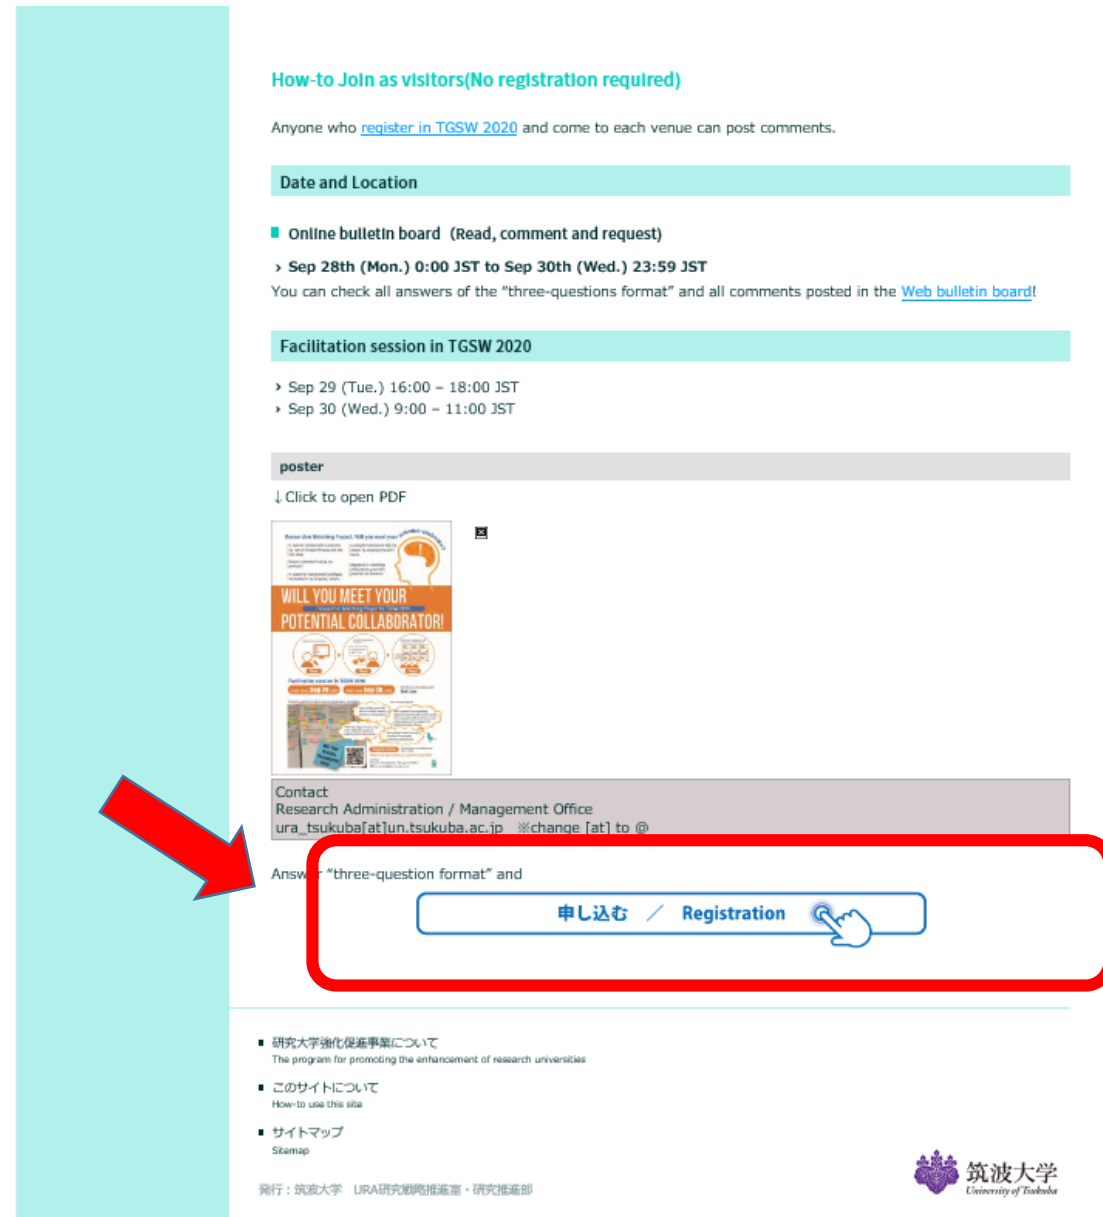

To promote collaboration among the invitees and participants to the TGSW 2020, the organizer prepared an online mini-poster session based on the Researcher Matching Project. For more detailed information, please visit [TGSW 2020 website](#).

The matching rate for previous events, both TGSW 2017 and 2019 are over 45%.

#### “Three-question format”

- Q1. Please describe your research topics.
- Q2. Please describe your research goals, aims, hurdles, etc.
- Q3. Please describe your unique know-how and skills that you can provide for other researchers

## STEP2. Click “Registration”

## 3つの設問

### A. Your project(s)私の研究/取り組み・関心事はこんな感じです

他分野の人にも伝わるよう、研究テーマや関心事を平易な言葉で記載してください。

＜おすすめの書き方1＞

- 一段落目：研究・関心事の背景や意義、着手した動機、怒り、驚き、感動等
- 二段落目：「そこで」、「だから」、「ゆえに」からはじめて、研究の対象、手法、目的、やること、こだわり、ねらい等
- 三段落目：（研究の成果）が/をわかるようになる、できるようになる、作れるようになるなど

(例1) なぜ、●●●は解決されないのでしょうか。この状況は、△△△を困難にしています。そこで、XXXを探求しその実践を試みています。最終的には○○○をつくることを目指しています！

(例2) ●●●はとても不思議な現象です。そこで、△△△を対象にしたXXXを行っています。この結果、○○○がわかるようになります！

Please take note that only during the three - day period (Sep 28- Sep 30), you can check and make comments to the answers

2. The Organizer will send an e-mail that includes your “Registration Number” and comments during this project.

3. Please visit the online bulletin board and post comments to meet potential collaborators.

On the event website, the answers to the “three-question format” from all registrants will be posted. If you visit our website, you can post comments on other registrants’ “three-question” and you can reply to comments from other registrants’ or visitors’ on your “three-question.” Those comments will be posted anonymously throughout the event. When both a presenter and a commentator agreed on identifying themselves, the organizers will mediate them for a possible future collaboration.

### RBDP-1018

A. Your project(s) My research/activities/interests are like this

We are designing the visual representation of data (so-called graphs and charts). Often targets network structures, high-dimensional data, and time data.

Like

B. I would be happy if we could make such a collaboration!

I would like to collaborate with people who have real data and who feel that there is a problem in how to use it, especially how to show it (visualization method). We would also appreciate if you could comment on the effectiveness of the visual expression we designed in various fields.

Like

C. I can do this

The research field is called "information visualization" or "data visualization". I can advise you on the design of visual expressions.
